One volunteer hour equals the equivalent of \$15. The remaining balance, after you have made a monetary contribution, will be fulfilled through volunteering skills or services to Greenheart Transforms. For example, if you make a \$900 contribution for the retreat, you will be responsible for 70 volunteer hours.

The volunteer system will be tracked by the individual and managed by a member of Greenheart Transforms. Time commitments and schedules are to be arranged between both parties. Cancellations of commitments and projects will result in a monetary fee for the equivalent of unfulfilled hours. The participant has 6 months to fulfill the volunteer hours after the retreat, unless a separate arrangement has been made with Greenheart Transforms. The participant can begin fulfilling the volunteer hours prior to the retreat.
